Three Keys to Godly Change

Change is a process, and at times can be difficult and uncomfortable. People love the result of change; however, they don't always like the process. Although the process of change may be difficult and uncomfortable at times, with the help of the Holy Spirit and God's Word, we have the ability to change. Today we are going to look at three keys to implementing godly change in our lives.

1. First key to godly change is to **PURSUE** after the things of God.
 - a. Philippians 3:12
 - b. Psalm 63:8
2. Second key to godly change is to **FORGET** about what may have been in the past.
 - a. Philippians 3:13
3. The third key to godly change is to keep **PRESSING** forward.
 - a. Philippians 3:14

Conclusion:

Godly change is a process and not an event. If we will implement these three keys on a daily basis we will begin to see and experience results. These three keys working together lead to godly transformation which brings newness, healing, and restoration into our lives.

Discussion Questions:

1. In what ways do we pursue after the things of God?
2. How can we be confident that things of the past will no longer hold us captive?
3. How does pressing forward help us in fulfilling God's purpose for our lives?
